Dear Shareholder

PLACING OF NEW ORDINARY SHARES AND NOTICE OF GENERAL MEETING

Introduction

The Company announced earlier today that it proposes to raise funds for expansion by way of a placing of 40,000,000 new Ordinary Shares at a price of 50 pence per new Ordinary Share, raising approximately £20 million (before expenses). The Placing is conditional upon, amongst other things, the approval of Shareholders at the General Meeting (GM) and upon the Placing Agreement becoming unconditional in all respects.

The purpose of this document is to explain the background to and reasons for the Placing and why the Directors consider the Placing to be in the best interests of the Company and its Shareholders as a whole and why the Directors unanimously recommend that you vote in favour of the Resolutions to be proposed at the GM, notice of which is set out at the end of this document.

The contents of this letter are important and I would urge you to read it carefully and to sign and return the enclosed Form of Proxy in accordance with the instructions given thereon and in Part 2 “Action to be Taken” below, as soon as possible.

Background to and reasons for the Placing

REI's property portfolio is focussed in the West Midlands, a region that the market is starting to recognise as an attractive alternative to London and the South East. Like most regions in the UK and elsewhere, the West Midlands has faced economic challenges in recent years, however it has begun to strengthen and re-establish itself as a major economic centre in the UK.

Improving sentiment towards the region became more visible in the fourth quarter of 2013. The property sector in particular, has revealed the early signs of improving investor appetite and transactional activity. The Board believes that property values and occupancy will see further positive improvement in 2014 and 2015.

Despite the macro-economic challenges over the last few years, the West Midlands region is currently experiencing growth and development. Listed below are some of the factors that the Directors believe demonstrate the improving level of activity and confidence in the region:

- export growth in the automotive and engineering industry is expected to outstrip that of Germany, boosted by significant investment in the region by Jaguar Land Rover, which has, itself, enjoyed record levels of global sales and rising profits;
- unemployment levels in the West Midlands are reducing whilst the region is seeing increased local and foreign investment, as well as strong growth in international trade; and

- the regional property market is outperforming other UK regions (after London and the South East), with rising property prices and increasing demand for central Birmingham office space driving a contraction in prime yields. This is further boosted by investment in key infrastructure for the city, including the new railway station at New Street and the expansion of Birmingham Airport.

Investor appetite for property in the West Midlands, in particular from funds, insurance companies, public companies and specialist equity, has been strengthening, with a number of properties attracting multiple offers, and achieving prices significantly higher than the quoted price. This activity should provide more transactional evidence and support growing valuations for REI's portfolio. The Company also anticipates other buyers, including private companies, pension funds, trusts, overseas buyers and high net worth individuals returning to the regional market, in order to benefit from superior yields and rising capital values. The Company has seen revaluation uplift in a number of its assets, through a combination of asset management, lettings and yield compression, and the Directors expect this to continue in 2014 and 2015.

The Directors believe that the West Midlands market is seeing the long anticipated availability of distressed property disposals, boosted by an improving property market on the back of increased bank lending. A number of these properties are unable to support traditional bank debt given their short lease profile, or the need for better asset management. These properties provide good investment opportunities for the Company, but the scale of opportunity is greater than the resources currently available to it.

REI's management team has demonstrated its ability to deliver improved value through its active approach to asset management, whereby the Company acquires a property for which it then seeks to obtain alternative planning consents, and/or undertakes any necessary refurbishments and/or negotiates better lease arrangements, resulting in increasing capital values. For example, REI acquired Southgate Retail Park, a multi-let retail park in Derby, for £4.8 million in September 2011. This provided a yield of approximately 8.6 per cent. The Company subsequently obtained planning consent for a 45,000 sq ft food store and, in December 2013, sold three of the eight units to TE Beteiligungs GmbH (the parent company of Lidl) for £4.25 million. The remaining five units have been retained and are let or under offer with an ERV of £250,000 per annum.

With the benefit of additional cash reserves, existing bank facilities and access to equity, the Directors believe that the Company should be able to capitalise on these opportunities to acquire distressed stock that the financial institutions have mothballed in the recession. REI's management team will utilise its unparalleled market knowledge and extensive relationships in order to access these opportunities. Successful acquisitions should result in capital growth and increased rental income which, in turn, will underpin the Board's intention to pay a progressive dividend.

Over the next few years, as REI's portfolio matures and its asset management programme completes, the Company intends to continue to actively recycle capital, disposing of assets when it makes sense to do so. The Directors believe that the market will see a return to normalised bank lending and significant demand from local and international buyers who recognise the benefits of investing in the region.

In order to maximise REI's ability to act quickly when the right opportunities arise, the Directors are seeking to raise approximately £20 million (before expenses) by way of a Placing of new Ordinary Shares.

Use of Proceeds

The Board is proposing to raise approximately £20 million of additional equity (before expenses) by means of the Placing, in order to provide additional resources to capitalise on acquisition opportunities currently existing in the Midlands property market from motivated vendors. REI plans to invest in acquisition opportunities in line with its established investing policies, focussing on assets which have:

- high running yields or short to medium term asset management opportunities; and
- opportunities to generate rental value and/or capital growth from active asset management, refurbishment, redevelopment, change of use and planning gains.

Based on its current assessment of opportunities, the Board intends that REI will substantially deploy the proceeds of the Placing within 3-6 months of Admission. It remains the Board's objective to grow the Company's portfolio from the current level and for the Company to become a growing, high payout ratio property business. The Directors believe that rental value and capital growth can be achieved through active

asset management of acquired properties and will not be reliant on yield compression. Notwithstanding this, the Directors believe that yield compression in the future will also benefit the portfolio.

Current Trading and Prospects

On 17 March 2014, the Company announced its preliminary results for the 12 months ended 31 December 2013, confirming a 400 per cent. uplift in profit before tax of £5.0 million, boosted by successful divestments of certain assets above book value, compared to £1.0 million for the year ended 31 December 2012. Revenue was up 8 per cent. to £6.6 million compared to £6.1 million for the year ended 31 December 2012, with contracted annual rental income of £5.8 million.

The Directors believe that there is still a significant differential between ERV and current contracted rental income, presenting prospects for organic growth with ERVs starting to be achieved on new lettings. The current ERV is estimated at £7 million. Leasing progress to date during 2014, including leases in legal, is estimated at £232,000 per annum.

The total property portfolio valuation, as at 31 December 2013, was £75.2 million, including inventory properties, with a net asset value per Ordinary Share of 58.6 pence and EPRA NAV of 59.1 pence per ordinary share.

REI remains conservatively financed with bank loans of approximately £44.0 million and available cash of approximately £8.5 million, as at 31 December 2013, equating to a net loan to value ratio of 47.3 per cent. It is the Board's intention that the net loan to value ratio across the Company's portfolio will not exceed a level of 50 per cent. at any time.

Portfolio and pipeline

The property portfolio, based principally in the West Midlands, comprises a diverse range of properties and is not reliant on, or over-exposed to, specific sub-sectors or tenants. The Directors believe that they can build on this portfolio through their network of agents and established relationships which provide introductions to prospective investments where the Company can act as an unlevered cash buyer to facilitate quick execution on competitive terms. Further, the Directors believe that REI's well established banking relationships, with institutions including the Lloyds Banking Group, Aviva, Handelsbanken and Nationwide, will provide access to new credit facilities, allowing it to lever its equity investments, as well as participate in distressed asset work-outs in the region.

REI has been in discussions in relation to a pipeline of opportunities with an aggregate value of approximately £20 million which is expected to include the following vendors:

- motivated sellers, sourced through the Company's network of agents and the agency relationships with The Bond Wolfe Partnership and CP Bigwood Chartered Surveyors (a leading property agent, manager and auctioneer in the West Midlands); and
- lender stakeholders, sourced through direct dialogue between REI management and regional lenders.

These pipeline assets provide opportunities for re-financing and active asset management by the Company. Overall, it is the Directors' intention to achieve capital growth through active asset management coupled with revenue growth through the capture of reversionary income from the current portfolio and immediate revenue enhancement from pipeline acquisitions.

Details of the Placing

The Company is proposing to issue 40,000,000 New Shares at a price of 50 pence per New Share pursuant to the Placing, raising £20 million (before expenses). The Issue Price represents a premium of 0.5 pence (1.01 per cent.) to the closing middle market price of an Ordinary Share on 25 March 2014, the latest practicable date prior to the announcement of the Placing.

Whilst the Placing is being undertaken at a discount to the net asset value per share, the Directors believe that the scale of the opportunity that currently exists in the Midlands property market to acquire assets requiring the asset management skills the Company possesses justifies the issue at a discount. In addition, the Placing will provide additional capital for the Company to invest without the need for additional

management resource and therefore, the Directors believe that the additional capital will have a substantial positive effect on the Company's profitability and ability to pay out higher dividends to shareholders in future years.

The Placing, which is not being underwritten, has been undertaken pursuant to the Placing Agreement. Under the terms of the Placing Agreement Liberum, as agent for the Company, has agreed to use its reasonable endeavours to procure subscribers for the Placing Shares and Smith & Williamson as agent for the Company, has agreed to act as nominated adviser in connection with the application for Admission.

The Placing Agreement is conditional on, amongst other things:

1. the passing of the Resolutions (without material amendment) at the GM;
2. the delivery by the Company to Liberum and Smith & Williamson of certain documents and letters;
3. the Company not having breached in any material respect any of its obligations under the Placing Agreement; and
4. Admission becoming effective by not later than 8.00 a.m. on 14 April 2014 (or such later time and/or date as the Company, Liberum and Smith & Williamson may agree (being not later than 8.00 a.m. on 30 April 2014)).

The Placing Agreement contains certain warranties given by the Company in favour of Liberum and Smith & Williamson as to, amongst other things, certain matters relating to the Company and its business. In addition, the Company has given certain undertakings to Liberum and Smith & Williamson relating to, amongst other things, the despatch of public communications concerning the Company following Admission and the issue and allotment of Ordinary Shares following Admission. The Placing Agreement also contains indemnities given by the Company in favour of Liberum and Smith & Williamson in relation to certain liabilities they may respectively incur in respect of the Placing and/or Admission. Liberum and Smith & Williamson have the right to terminate the Placing Agreement prior to Admission in certain circumstances, including: (i) in the event that the Company has failed to comply in any material respect with any of its obligations under the Placing Agreement; (ii) in the event that Liberum and Smith & Williamson become aware that any of the warranties from the Company in the Placing Agreement is not, or has ceased to be, true and accurate in any material respect; and (iii) in the event of certain events of force majeure, including any adverse change in national or international financial, economic, market or political conditions which in the opinion of Liberum and Smith & Williamson (arrived at in good faith and, as far as practicable, in consultation with the Company) would be materially adverse to the Placing or would render proceeding with the Placing impracticable or inadvisable.

In consideration for the services to be provided to the Company by Liberum and Smith & Williamson in connection with Admission and the Placing, the Company has agreed to pay Liberum and Smith & Williamson certain fees and commissions and certain other costs and expenses incidental to Admission and/or the Placing.

The expenses of and incidental to the Placing, including the fees and commissions payable to Liberum and Smith & Williamson, are estimated to amount to approximately £530,000 (including VAT), and will be payable by the Company.

Application will be made to the London Stock Exchange for the New Shares to be admitted to trading on AIM. Subject to, amongst other things, the Resolutions being duly passed by the requisite majority at the GM, it is expected that Admission will become effective and dealings in the New Shares on AIM will commence on 14 April 2014.

If Admission does not take place on or before 8.00 a.m. on 14 April 2014 (or such later time and/or date as the Company, Liberum and Smith & Williamson may agree (being not later than 8.00 a.m. on 30 April 2014)), the Placing will not proceed.

The New Shares will rank *pari passu* in all respects with the existing issued Ordinary Shares, including the right to receive all dividends and other distributions declared, paid or made after Admission.

The Directors are seeking authority from Shareholders to allot Ordinary Shares pursuant to the Placing and to disapply statutory pre-emption rights in respect of such Ordinary Shares.

Directors' intentions

The Directors have agreed to subscribe for new Ordinary Shares (also referred to as the Committed Shares) as part of the Placing:

<i>Directors</i>	<i>New Shares</i>	<i>Resultant Holding</i>	<i>% Enlarged Issued Share Capital</i>
Paul Bassi ¹	150,000	9,200,000	8.26
Marcus Daly ²	150,000	885,000	0.79
William Wyatt ³	50,000	98,500	0.09
John Crabtree	50,000	138,000	0.12

Notes:

1. Paul Bassi's investment is held personally, through a nominee and through Bond Wolfe Assets Limited of which he is the chairman and sole shareholder.
2. Marcus Daly's investment is held personally, through a nominee and through Datalore Limited.
3. William Wyatt's investment is held personally and he is chief executive of Caledonia Investments plc which will have an interest of 18.09 per cent. of the Enlarged Issued Share Capital in the Company.

At the time of their appointment as Directors, the Panel on Takeovers and Mergers deemed Paul Bassi, Marcus Daly and certain other individuals who invested in the Company at the same time to be members of a concert party. The concert party's aggregate interest in the issued share capital of the Company following the Placing will be 9.57 per cent. in the Enlarged Issued Share Capital.

Dividend policy

REI paid its first dividend to shareholders of 0.5 pence per share in October 2012 in respect to the financial year ended 31 December 2012. In October 2013, REI increased the dividend payment to shareholders by 100 per cent., with a dividend payment of 1.0 pence in respect of the financial year ended 31 December 2013. The Board remains committed to a progressive dividend policy for the future and expects to pay a dividend every 6 months going forward, subject to capital being invested, the Company's contracted rental income providing the Company with a cash surplus, the Directors' judgment of market conditions and the Company's cash and financial position at the relevant time.

The Directors consider that the Company's existing business model is suited to conversion into a REIT structure and the Board will continue to consider the appropriateness of a conversion into a REIT structure in the future with an anticipated target date of 2015.

General Meeting

As noted above, the Directors are seeking authority to allot Ordinary Shares to implement the Placing. Notice of the GM is set out at the end of this document. The GM will be held at the Company's registered office, at Cathedral Place, Third Floor, 42-44 Waterloo Street, Birmingham B2 5QB on 11 April 2014 at 2.30 p.m.

In addition, a Form of Proxy for use at the GM is enclosed with this document (see Part 2 below headed "Action to be Taken").

Shareholders have the right to attend, speak and vote at the GM (or, if they are not attending the meeting, to appoint someone else as their proxy to vote on their behalf) if they are on the Register at the Voting Record Time (namely 6.00 p.m. on 9 April 2014). Changes to entries in the Register after the Voting Record Time will be disregarded in determining the rights of any person to attend and/or vote at the GM. If the GM is adjourned, only those Shareholders on the Register at 6.00 p.m. on the day which is two days before the date of the adjourned GM will be entitled to attend, speak and vote or to appoint a proxy.

The number of Ordinary Shares a Shareholder holds as at the Voting Record Time will determine how many votes a Shareholder or his/her proxy will have in the event of a poll.

Explanation of the Resolutions to be proposed at the General Meeting

The notice convening the GM sets out the Resolutions to be proposed at the GM. An explanation of these Resolutions is set out below:

Authority to allot shares (Resolution 1)

The Directors need the authority of Shareholders to allot new Ordinary Shares and Resolution 1 provides such authority by granting the Directors the authority to allot shares in the capital of the Company for the purpose of the Placing up to a maximum nominal amount of £4,000,000 (representing, as at 25 March 2014 (being the latest practicable date prior to the publication of this document), 56.01 per cent. of the Company's issued share capital). This authority, if granted, would last until 30 June 2014. If, however, the Company makes an offer or enters into an agreement requiring the issue of Ordinary Shares prior to that date, the allotment will be valid even if the allotment occurs after the expiry of this authority. The passing of Resolution 1 will require more than 50 per cent. of the votes cast voting in favour. This authority, if granted, will be in addition to any existing authorities to allot Ordinary Shares granted to the Directors prior to the date of this document which will continue in full force and effect whether or not the Placing is effected.

Disapplication of pre-emption rights (Resolution 2)

Section 561 of the Act requires that on an allotment of "equity securities" for cash, such equity securities must first be offered to existing Shareholders in proportion to the number of Ordinary Shares they each hold at that time. This is known as a Shareholder's pre-emption right. The Ordinary Shares are "equity securities" for the purposes of Section 561 of the Act. Accordingly, the Ordinary Shares cannot be allotted for cash on a non pre-emptive basis unless the Shareholders have first waived their pre-emption rights and Resolution 2 requests Shareholders to do so for the purposes of the Placing. If the authority is granted, the Directors will be able to allot Ordinary Shares for cash on a non pre-emptive basis, to the extent authorised, without further authority from the Shareholders. As with Resolution 1, the authority is sought for the purpose of the Placing and is intended to last until 30 June 2014. The passing of Resolution 2 will require not less than 75 per cent. of the votes cast voting in favour. This authority, if granted, will be in addition to any existing authorities to disapply pre-emption rights granted to the Directors prior to the date of this document which will continue in full force and effect whether or not the Placing is effected.

Issued share capital

If the Placing is approved by Shareholders, the Company's approximate issued share capital will be £11,142,059.80 divided into 111,420,598 Ordinary Shares.

Recommendation

Your Board believes the Placing to be in the best interests of the Company and the Shareholders taken as a whole. Accordingly, the Directors unanimously recommend you to vote in favour of the Resolutions to be proposed at the GM as they have irrevocably undertaken to do in respect of their beneficial holdings, amounting, in aggregate, to 9,921,500 Ordinary Shares, representing 13.9 per cent. of the existing issued share capital of the Company.

Yours faithfully

John Crabtree
Chairman

PART 2

ACTION TO BE TAKEN

Shareholders may appoint a proxy, that is, someone who will attend the GM on their behalf and vote, by completing and returning the accompanying Form of Proxy or, if you hold your Ordinary Shares in uncertificated form, by using the CREST electronic proxy appointment service.

Enclosed with this document is a Form of Proxy for use in connection with the GM. For Shareholders' convenience, the appointment of the chairman of the GM as proxy has already been included, although Shareholders may appoint someone else as their proxy if they so wish. A proxy need not be a Shareholder.

CREST Members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the GM and any adjournment(s) thereof by utilising the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST Members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

To be valid, the Form of Proxy should be signed and returned to Capita Asset Services, PXS 1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF as soon as possible but, in any event, so as to be received not later than 2.30 p.m. on 9 April 2014 (or in the case of any adjournment, not later than 48 hours before the time fixed for the holding of the adjourned meeting). Accordingly, whether or not you intend to attend the GM, you are requested to complete and return the Form of Proxy to Capita Asset Services, so as to be received by not later than that time. For this purpose, you can return the Form of Proxy by post or by hand.

In order for a proxy appointment made by means of CREST to be valid, the CREST Proxy Instruction must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for such instructions, as described in the CREST Manual. The CREST Proxy Instruction must be transmitted so as to be received by Capita Asset Services (ID: RA10) by 2.30 p.m. on 9 April 2014 (or in the case of any adjournment, not later than 48 hours before the time fixed for the holding of the adjourned meeting). For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Capita Asset Services is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

CREST Members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST Member concerned to take (or, if the CREST Member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST Members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the CREST Regulations.

The completion and return of a Form of Proxy or making use of the CREST electronic proxy appointment service will not prevent Shareholders from attending and voting at the GM should they so wish.

Notes:

1. You can only appoint a proxy using the procedures set out in these notes and the notes to the form of proxy. A member entitled to attend, speak and vote at the meeting is entitled to appoint one or more proxies to attend, speak and vote instead of him, provided each proxy is appointed to exercise rights attached to different shares. You may not appoint more than one proxy to exercise rights attached to any one share. To appoint more than one proxy, you may photocopy the form of proxy. The proxy need not be a member of the Company. Details of how to appoint the Chairman of the meeting or another person as your proxy using the form of proxy are set out in the notes to the form of proxy. If you wish your proxy to speak on your behalf at the meeting you will need to appoint your own choice of proxy (not the Chairman) and give your instructions directly to them.
2. The notes to the form of proxy explain how to direct your proxy how to vote on each resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the meeting. Completion of the form of proxy will not preclude a member from attending and voting in person.
3. A form of proxy is enclosed with this notice. To be valid, the form must be deposited at the offices of the Company's Registrars, Capita Asset Services, PXS 1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF not later than 2.30 p.m. on 9 April 2014 or not less than 48 hours (excluding, in the calculation of such time period, any part of a day that is not a working day) before the time fixed for holding any adjourned meeting.
4. Subject to the following principles, where more than one proxy is appointed, where a form of proxy does not state the number of shares to which it applies (a blank proxy), then that proxy is deemed to have been appointed in relation to the total number of shares registered in your name (the member's entire holding). In the event of a conflict between a blank proxy and a form of proxy which does state the number of shares to which it applies (a specific proxy), the specific proxy shall be counted first, regardless of the time it was sent or received (on the basis that as far as possible, the conflicting forms of proxy should be judged to be in respect of different shares) and remaining shares will be apportioned to the blank proxy (pro rata if there is more than one).
5. Where there is more than one proxy appointed and the total number of shares in respect of which proxies are appointed is no greater than your entire holding, it is assumed that proxies are appointed in relation to different shares, rather than that conflicting appointments have been made in relation to the same shares. When considering conflicting proxies, later proxies will prevail over earlier proxies, and which proxy is later will be determined on the basis of which proxy is last delivered. Proxies in the same envelope will be treated as sent and delivered at the same time, to minimise the number of conflicting proxies.
6. If conflicting proxies are sent or delivered at the same time in respect of (or deemed to be in respect of) your entire holding, none of them shall be treated as valid.
7. Where the aggregate number of shares in respect of which proxies are appointed exceeds your entire holding and it is not possible to determine the order in which they were sent or delivered (or they were all sent or delivered at the same time), the number of votes attributed to each proxy will be reduced pro rata (on the basis that as far as possible, conflicting forms of proxy should be judged to be in respect of different shares). Where this gives rise to fractions of shares, such fractions will be rounded down.
8. If you appoint a proxy or proxies and then decide to attend the meeting in person and vote, on a poll, using your poll card, then your vote in person will override the proxy vote(s). If your vote in person is in respect of your entire holding then all proxy votes will be disregarded. If, however, you vote at the meeting in respect of less than your entire holding, if you indicate on your polling card that all proxies are to be disregarded, that shall be the case; but if you do not specifically revoke proxies, then your vote in person will be treated in the same way as if it were the last delivered proxy and earlier proxies will only be disregarded to the extent that to count them would result in the number of votes being cast exceeding your entire holding.
9. In relation to paragraph 8 above, in the event that you do not specifically revoke proxies, it will not be possible for the Company to determine your intentions in this regard. However, in light of the aim to include votes wherever and to the fullest extent possible, it will be assumed that earlier proxies should continue to apply to the fullest extent possible.
10. In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding (the first-named being the most senior).
11. To change your proxy instructions simply submit a new proxy appointment using the method set out above. Note that the cut-off time for receipt of proxy appointments (see note 3) also applies in relation to amended instructions; any amended proxy appointment received after the relevant cut-off time will be disregarded. Where you would like to change the proxy instructions, please contact Capita Asset Services at the address set out in note 3.
12. In order to revoke a proxy instruction you will need to inform the Company by sending a signed notice clearly stating your intention to revoke your proxy appointment to Capita Asset Services at the address set out in note 3. The revocation notice must be received by Capita Asset Services no later than 2.30 p.m. on 9 April 2014. If you attempt to revoke your proxy appointment but the revocation is received after the time specified, then your proxy appointment will remain valid.
13. In the case of a member which is a company, the form of proxy and any revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the form of proxy and any revocation notice is signed (or a duly certified copy of such power or authority) must be included with the form of proxy and any revocation notice.
14. Except as provided above, members who have general queries about the meeting should call our shareholder helpline on 0871 664 0300 (calls cost 10p per minute plus network charges and lines are open Monday to Friday 8.30 a.m. to 5.30 p.m.) (or from outside the UK on +44 208 639 3399). You may not use any electronic address provided either:
 - 14.1 in this Notice of GM; or
 - 14.2 any related documents (including the form of proxy), to communicate with the Company for any purposes other than those expressly stated.
